SERVICES

We are specialized in corporate housing and mobility

We help in providing documents for immigration office
We help with varied forms of payment and invoicing
We help with flexible cancellation and extension conditions
We help with professional and in time reservation management
We help in tailor-making the stay according the clients' needs

COVID-19

Due to the actual pandemic situation we have designed and put on work strict protocols to warranty the safety of clients, neighbors and coworkers.

We comply with the Governmental regulations and recommendations.

A full document is available in case you would like to take a look, but here some important bullet points...

Increased and improved cleaning and disinfection of common areas and apartments
New processes and features: online check-in & online invoicing system
Special disinfection robot to be used in every check-out cleaning and warranty a safe place to stay
Special protocols to detect and react in case of danger of infection, with special focus in staff training

We are an environmental committed company. Among our goals is to reduce the human's environmental impact and improve the Earth's health.

How do we do that?

We **offset** the **emissions** generated by our office and employees as well as the ones generated by our client's stays, thanks to our partnership with ClimatePartner.

We designed our service with the focus on being the less polluting possible, here are the things we do:

LED bulbs in all the apartments

A+ or higher household appliances

Recycling bins in every kitchen

Tap water purifier in every kitchen

Eco cleaning products

Recycled toilet paper

Bio amenities for the bathroom

Eco textiles

Paperless procedures

Raising awareness among our clients

Becoming our staff aware and trained with special procedures

LOCATION

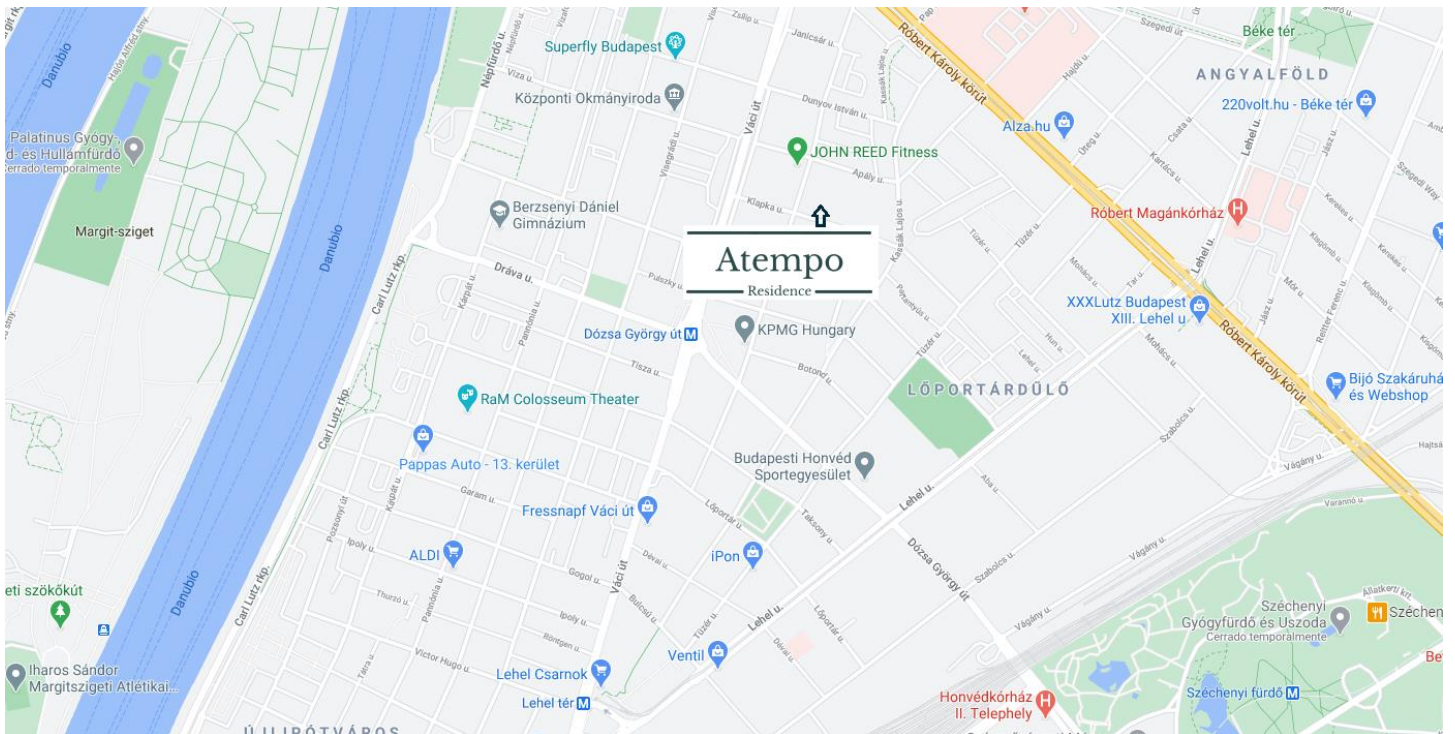

Our apartments are located in the main business area of Budapest, right beside of Dózsa György metro station in Váci út.

Just 1 metro stop away from Westend Shopping mall, our location is ideal for people coming to work or for leisure purposes.

Being in a very quiet area, near to main office buildings, is also just a few metro stops away from the busy downtown.

You can reach the Danube River within 10 minutes walking distance, a great suggestion if you are keen on jogging.

A 24/7 fitness centre is right in front of us.

Klakpa utca 6, 1134, Budapest
